1. RISK FACTORS

Each of the risks highlighted below could have a material adverse effect on the Issuer's business, operations, financial condition or prospects which, in turn, could have a material adverse effect on the return which investors will receive in respect of Securities issued or to be issued by the Issuer.

The Issuer does not represent that the statements below regarding the risks relating to the Issuer are exhaustive. The Issuer has described only those risks that it considers to be material. There may be additional risks which the Issuer currently considers to be immaterial or of which the Issuer is currently unaware and any of such risks could have the negative effects referred to above.

In order to assess the risk, prospective investors should consider all information provided in this Registration Document and consult with their own professional advisers if they consider it necessary.

Nothing in this Registration Document should be construed as advice.

1.1 SECURITISATION ACT, COMPARTMENTS AND THE PRIVILEGE BY OPERATION OF LAW

The Issuer is a special purpose vehicle which was constituted for the purpose of issuing asset backed securities in the course of any securitisation transactions as permitted in terms of the Securitisation Act.

In terms of the Securitisation Act, the Issuer does not currently require a domestic license or other authorisation to conduct business as a securitisation vehicle in or from Malta. The Maltese regulator (MFSA) has, however, been notified by the Issuer that it shall commence and conduct business as a securitisation vehicle in or from Malta.

In terms of Article 22(3) of the Securitisation Act, the Issuer is entitled to issue Securities whose value or yield is linked to specific compartments, assets or risks, or whose repayment is subject to the repayment of other instruments, certain claims or certain categories of shares.

The Issuer shall avail itself of the said entitlement to segregate securitised Collateral into Compartments. As such, the value of Securities issued shall be linked to the securitized Collateral comprised in a Linked Compartment.

The Directors shall establish and maintain separate accounting records for each of the Compartments for the purposes of ascertaining the rights of Investors holding Securities issued and relating to each Compartment. Such accounting records shall be conclusive evidence of such rights in the absence of manifest error.

The Collateral comprised in a Linked Compartment would, in principle, be available only to satisfy the rights of investors holding Securities linked to that Compartment and the rights of creditors whose claims have arisen at the occasion of the constitution, the operation or the liquidation of that Linked Compartment.

The fees, costs and expenses incurred in relation to any issue of Securities shall be allocated to the Linked Compartment relating to the relevant Securities. Investors holding such Securities will have recourse only to the Collateral allocated to the Linked Compartment relating to such Securities.

Fees, expenses and other liabilities incurred by or on behalf of the Issuer but which do not relate specifically to any Compartment may, under certain circumstances, be payable out of the assets comprised in the Collateral allocated to all or some Compartments.

In terms of Article 16 of the Securitisation Act, investors holding Securities shall have a privilege over the Collateral and such privilege shall rank prior to all other claims at law – except for other securitisation creditors who enjoy a prior ranking granted to them with the consent or knowledge of the investors. The

Issuer understands that the said privilege appertaining to an investor should be effective limitedly to Collateral comprised in the relevant Linked Compartment. The said privilege should not, accordingly, extend over assets comprised in any other segregated Compartment linked to any other Securities.

Prospective investors are, however, advised that the Issuer's understanding of the scope of the said privilege is not supported by a legal opinion and, as far as the Issuer is aware, has not been tested in or confirmed by any court.

In the event that a claim is made against the Issuer, if the assets allocated and comprised in a relevant Linked Compartment in respect of which the claim is made are insufficient to cover such claim, the relevant claimant may nonetheless be allowed by any competent court to have recourse to the assets allocated and comprised in the other Compartments if any such court refuses:

- (i) to recognise the segregation of Collateral into distinct compartments; or
- (ii) to limit the scope of the aforementioned privilege appertaining to investors holding Securities to the Collateral comprised in the Linked Compartment relating to such Securities.

In light of the aforesaid, the Issuer shall require persons dealing with the Issuer (although there is no guarantee that the Issuer will be able to achieve this) to expressly acknowledge and confirm that they have no recourse against or to the assets of the Issuer and/or any Compartment other than the Compartment in respect of or with which they are dealing.

As at the date of this Registration Document, the Directors are not aware of any challenge to the Maltese protection of assets segregated into compartments in terms of the Securitisation Act.

1.2 LIMITED RECOURSE

The rights of an investor holding Securities to participate in the assets of the Issuer is limited to the Collateral comprised in the Linked Compartment relating to the investor's Securities. If payments received by the Issuer in respect of such Collateral are not sufficient to make all payments due in respect of the linked Securities, the obligations of the Issuer in respect of the Securities will be limited to such Collateral and the income or proceeds derived or realised by the Issuer therefrom.

Following application of such realisation proceeds in accordance with the terms of the relevant Securities Note, the claims of the relevant investors holding linked Securities and any other persons for any shortfall shall be extinguished and the relevant investors and such other persons may not take any further action to recover such shortfall.

Failure to make any payment in respect of any such shortfall shall not constitute an event of default and any shortfall shall be borne by the relevant investors holding linked Securities and any other persons as the case may be according to the priorities specified in the relevant Securities Note.

Prospective investors should be aware that, in the event of any such shortfall:

- (i) the Issuer shall be under no obligation to make any additional payments and the other assets (if any) of the Issuer including, in particular, Collateral comprised in a Linked Compartment relating to other Securities, will not be available for payment of such shortfall;
- (ii) all claims in respect of such shortfall shall be extinguished; and
- (iii) the investors and any counterparty of the Issuer in respect of such Securities shall have no further claim against the Issuer or in respect of such unpaid amounts.

To give effect to the provisions of the Securitisation Act under which the Collateral comprised in a Linked Compartment would be available only to secure claims of the investors holding Securities relating to that Linked Compartment, the Issuer will seek to contract with parties on a "limited recourse" basis such that claims against the Issuer in relation to Securities would be restricted to the Collateral comprised in the Linked Compartment relating to such Securities.

In addition, the Issuer will seek to contract with parties on a “non-petition” basis. Provided such parties have agreed a non-petition clause, no such party should be able to petition or take any other step for the winding-up, the liquidation or the bankruptcy of the Issuer or any other similar insolvency related proceedings.

However, there is no guarantee that the Issuer will be able to contract on a limited recourse and non-petition basis with respect to all agreements that the Issuer may enter into from time to time. Furthermore, there is the risk that “limited recourse” and, or “non-petition” clauses may not be considered valid and enforceable by a local or foreign court of law, and there may be creditors whose claims are preferred by law.

The Collateral comprised in any Compartment may be subject to claims by creditors other than the relevant investors holding Securities relating to that Compartment – resulting in a shortfall in the amounts available to meet the claims of the relevant investors.

1.3 LACK OF OPERATING HISTORY

The Issuer was only incorporated on 4th February, 2013, and as such it does not have any established track record which could be utilised as a basis for evaluating its potential performance.

1.4 DEPENDENCE ON DIRECTORS

The Directors will make all decisions regarding the general management of the Issuer. The Directors will also make all decisions with respect to the Collateral comprised in any Compartment. As a result, the success of an investor’s investment in the Securities depends largely upon the ability of the Directors.

Investors have no right or power to take part in the management of the Issuer.

Subject to the Directors’ fiduciary responsibilities to the Issuer, the Directors shall have no personal liability to investors for the return of any capital invested, it being understood that any such return shall be made solely from the Collateral comprised in the Linked Compartment relating to such Securities.

1.5 REGULATORY RISK

Regulatory risk arises from a failure or inability to comply fully with the laws or regulations applicable to the Issuer. Non-compliance could lead to fines, public reprimands, damage to reputation, enforced suspension of operations or, in extreme cases, withdrawal of authorisation to operate.

1.6 COUNTERPARTY RISK

The Issuer is subject to the risk of the failure or default of any Collateral Obligor or counterparty.

1.7 CONSEQUENCES OF WINDING-UP PROCEEDINGS

The Issuer is structured to be an insolvency-remote (but not insolvency-proof) vehicle.

The Issuer will seek to contract only with parties who agree not to make any application for the commencement of winding-up, liquidation or bankruptcy or similar proceedings against the Issuer. Legal proceedings initiated against the Issuer in breach of such provisions should, in principle, be declared inadmissible by a court.

However, if the Issuer fails for any reason to meet its obligations or liabilities, a creditor who has not (and cannot be deemed to have) accepted non-petition and limited recourse provisions in respect of the Issuer should be entitled to make an application for the commencement of insolvency proceedings against the Issuer.

Furthermore, the commencement of such proceedings may, in certain conditions, entitle creditors to terminate contracts with the Issuer and claim damages for any loss suffered as a result of such early termination.

If an investor holding Securities makes an application for the dissolution of the Issuer, insolvency proceedings against the assets of the Issuer, or the institution of similar proceedings aimed at liquidating the Issuer, or if an investor joins such application made by a third party, such investor will *ipso jure* lose all rights under the Securities.

1.8 EXTERNAL FACTORS

The Issuer is subject to certain risks inherent in the economy in general and which are beyond its control, including but not limited to changes in interest rates and inflation and the markets in which it operates and may operate in the future. The returns on the Collateral may also be adversely affected by the political, social and economic climate in any relevant country.

1.9 FOREIGN ACCOUNT TAX COMPLIANCE ACT

FATCA imposes a reporting regime and, potentially, a thirty per cent (30%) withholding tax with respect to:

- (i) certain payments from sources within the US;
- (ii) so-called 'foreign passthru payments' made to certain non-US financial institutions that do not comply with this reporting regime; and
- (iii) payments to certain investors that do not provide identification information with respect to interests issued by a participating non-US financial institution.

The Issuer may be classified as a non-US financial institution for these purposes.

FATCA is particularly complex. Investors should consult their own tax advisers to obtain a more detailed explanation of FATCA and to learn how this legislation might affect each Investor in his or her particular circumstance, including how FATCA may apply to payments received under the Securities.

1.10 WITHHOLDING ON THE COLLATERAL

There can be no assurance that payments to the Issuer in respect of any Collateral will not be subject to withholding or other taxes. Such withholding may have a material bearing on the Issuer's capacity to honour its payment and other commitments in terms of the Securities.

1.11 POTENTIAL CONFLICTS OF INTEREST

The issue price of Securities may include certain fees, commissions and expenses payable to, or incurred by any agent or agents (the "Agents") engaged by or on behalf of the Issuer in connection with or for the purposes of such issue of Securities. The Issuer shall not be affiliated to any Agent.

However, one (1) or more Directors may also hold shares in and/or may be appointed to the board of directors (whether as executive or non-executive directors) of any Agents. Potential conflicts of interest may arise as a result. In fact, any such person may have an interest in securing maximum profits for the Agent in which he holds shares or of which he is a director to the detriment of the Issuer and investors holding Securities. The Issuer aims to avoid any conflict of interest arising as such by disclosing fees chargeable by the Agents in any Securities Note.

In addition, subject always to their regulatory or other obligations in performing each or any role or function, the Issuer, its affiliates and any Agents shall not act on behalf of, or accept any duty of care or any fiduciary duty to, any investor holding Securities. The Issuer and each of its affiliates and each Agent

will pursue actions and take steps that it deems appropriate to protect its interests without regard to the consequences for the Investors or any other person.

2. THE ISSUER

The Issuer was registered in Malta on the 4th February, 2013, in the form of a public limited liability company in terms of the Companies Act with registration number C 59190.

The Issuer's legal and commercial name is: Delta1 Securities p.l.c..

The Issuer was constituted for an indefinite duration.

The Issuer's registered office address is: 'Argentarius House' 7, Triq San Mark, Valletta VLT 1364, Malta.

The Issuer's website address is: www.argentarius-group.com.

The Issuer's telephone number is: +356 201073-57.

The Issuer's fax number is: +356 201073-58.

2.1 CORPORATE PURPOSE AND BUSINESS FOCUS OF THE ISSUER

The Issuer was established as a special purpose vehicle for the purpose of issuing asset backed securities for any securitisation transactions as permitted in terms of the Securitisation Act.

As such, the objects and purposes of the Issuer are limited to such matters which are necessary to carry out all or any transactions intended or required to implement or participate in a securitisation transaction and all related and ancillary acts including, without limitation, the acquisition, management and collection of credits and other receivables or other securitization assets, the assumption of risks, the granting of secured loans, the issue of financial instruments or the borrowing of funds to finance the acquisition of assets or assumption of risks, the engagement of service providers to administer or support its activities and the entering into derivative instruments.

The main business focus of the Issuer is to issue financial instruments in the form of asset backed securities marked under the trade mark 'Exchange Traded Instrument' whose value or yield is linked to specific Compartments, assets or risks.

The Issuer will position itself as a private label platform for securitisations/structured investment products. The main purpose for a private label platform for structured products is driven by restrictions prescribed in connection with UCITS funds and their eligible investments. A UCITS fund is allowed to invest in securities the performance of which is linked to and/or secured by assets of otherwise non-eligible investments. The Issuer accordingly intends to offer UCITS fund managers securitisation opportunities to gain access to new asset classes representing such non-eligible investments.

The Issuer may also target non-EU managers of alternative investment funds (defined as such in terms of the AIFM Directive) which are precluded from marketing units of such funds in the EU unless authorised as such in terms of the AIFM Directive. Such units may accordingly be securitised by the Issuer and allocated to a segregated Linked Compartment relating to the Securities issued in the context of the relevant securitisation transaction.

The term "Exchange Traded Instrument" and "ETI" is a trade mark used to name/mark any kind of asset backed securities having a redemption value linked delta-1 to Collateral comprised in a Linked Compartment and are listed on a stock exchange.

2.2 CAPITAL STRUCTURE

The authorised and issued share capital of the Issuer is divided into 50,000 ordinary shares having a nominal value of €1 each.

The Issuer is constituted as an orphan vehicle such that 49,999 ordinary shares in the capital of the Issuer are held by SOLV International Ltd. as trustee under charitable trusts. SOLV International Ltd. is a private limited liability company incorporated in Malta with registration number C 52096 and is authorised to act as a trustee in terms of the Trusts and Trustees Act, Chapter 331 of the laws of Malta.

The remaining ordinary share in the capital of the Issuer is held by Argentarius ETI Management Ltd.

The nominal value of the issued shares in the capital of the Issuer is 25% paid up.

2.3 MANAGEMENT

The Directors shall seek to exercise their control over the business and affairs of the Issuer in accordance with the non-mandatory Corporate Governance Guidelines for Public Interest Companies published by the MFSA.

2.4 SUBSIDIARIES

The Issuer has set up ten (10) wholly owned subsidiaries as at the date hereof. The said subsidiaries are incorporated in St Vincent & the Grenadines.

The said subsidiaries have been constituted as special acquisition vehicles to acquire and hold investments and to issue performance linked bonds which would, in turn, be acquired by the Issuer in the course of a securitisation transaction. In effect, the securitised bonds would be comprised in the Linked Compartment relating to the Securities issued in connection with any such securitisation transaction. The subsidiaries have been constituted with a view to securing investors' access to investments when direct access to such investments is otherwise unavailable or unfeasible. Such investors may accordingly acquire Securities backed by the relevant performance linked bonds which would, in turn, be linked to such investments.

Document. The said subsidiaries issued performance linked bonds (ISIN AT0000A19PX5, AT0000A1BK74 and AT0000A19PW7 respectively) which were securitised by the Issuer and are linked to securities issued by the Issuer and listed on the EWSM or the Open Market of the Frankfurt Stock Exchange (Frankfurter Wertpapierboerse).

"UCITS"

Undertakings which are harmonised in accordance with the UCITS Directive and which have:

- (i) as their sole object, the collective investment in transferable securities, or in other liquid financial assets, of capital raised from the public and which operate on the principle of risk-spreading; and
- (ii) units which, at the request of holders, are repurchased or redeemed, directly or indirectly, out of those undertakings' assets. Action taken by a UCITS to ensure that the stock exchange value of its units does not significantly vary from their net asset value shall be regarded as equivalent to such repurchase or redemption.
